Also copy of a Notification which I have issued in Co-operation with the U.S. Naval forces on this Station, hoping it will, in view of the peculiarity of attending circumstances, meet the approval of the Government, and may be for the time being, discourage Americans from having any thing more to do with that enterprise

Commander A. Kautz
U.S. "Monocacy"
Amoy

Sir.

I have the honor to state that I have received an official dispatch from the Chinese authorities of this province informing me that the island of Formosa is a part of the Chinese Empire and that the Japanese armed forces now at Liang Kiau have entered that island in violation of law and their treaties.

They request me to prevent citizens of the United States from having anything to do with the affair and say that they have demanded that the Japanese evacuate the island at once.

I

suppose there is no doubt both there are some Americans engaged in this business, and if so, it is probably in opposition to the laws of the United States and our treaty obligations with China; and as United States Consul charged with the execution of those laws and obligations over these. I respectfully request your co-operation and assistance in compelling them to desist

If this suggestion accords with your views of duty I can hereafter determine what mode of procedure we will adopt.

I am Sir,
Your Obedient Servant

U.S. Consul.
