Enquiry by two Communists whether H.M. Government still consider themselves bound by the provisions of the Yalta Agreement regarding Formosa.

It is suggested that News Department might use the Far Eastern Department memorandum of 8th February on Formosa (F2120/10127/10) in their reply.

News Dept. have been asked by two Communists whether H.M.G. still consider themselves bound by the provisions of the Yalta Agreement (sic) regarding Formosa. Quite what lies behind this is not yet apparent, but the query is evidently not an innocent one. It is also rather a tricky one to parry.

F — I suggest tentatively that News Dept. might use paras. 1, 2 and 3 of the F.E. Dept. memorandum of the 8th. February 1949 about Formosa to explain that although the final disposition of Formosa must await the signature of a Treaty of Peace with Japan or some instrument with similar effect the Chinese have in practice exercised control of Formosa since the end of the war and therefore in practice the Cairo Declaration, as reinforced by the Potsdam Declaration, has ~~xxxxx~~ already been implemented in respect of Formosa.
