POLITICO-MILITARY PROBLEMS IN THE FAR EAST: NATIONAL COMPOSITION OF FORCES TO OCCUPY FORMOSA INCLUDING PESCADORES IN THE POST-DEFEAT PERIOD: RELATIONS OF THE MILITARY GOVERNMENT OF FORMOSA WITH CHINA AND THE CHINESE

Memorandum by the
State-War-Navy Coordinating Subcommittee for the Far East

1. By SWNCC 16/6, Appendix "B", item V, 1, page 34, it was indicated that a paper on subject, to supersede papers originally assigned as SWNCC 53 and SWNCC 68, was currently under consideration by the Subcommittee.

2. Furthermore, by SWNCC 16/6, Appendix "B", item II, 3, it was indicated that a "Basic Directive for Post-Surrender Military Government in Formosa: Political, Economic and Financial" was under preparation by the Joint Chiefs of Staff, due on 20 September.

3. These papers were originated at a time when it was not known if it would be necessary for the United States to assume responsibility for military government in Formosa in case Chinese forces were not in a position to occupy Formosa or to effectuate the surrender of Japanese forces there.

4. Chinese forces are now prepared to move into Formosa and the Joint Chiefs of Staff are making arrangements for amphibious lift in support of this movement. Furthermore, press releases state that Chinese representatives are now in Formosa to receive the surrender of the Japanese.

5. In view of the information described in paragraph 4 above, it is apparent that there is no longer any need for the papers called for by SWNCC 53, SWNCC 68 and SWNCC 69.

6. It is therefore recommended that SWNCC 53, SWNCC 68 and SWNCC 69 be deleted from the agenda and that the Joint Chief of Staff be notified of this action.
