1. MINUTES OF THE PREVIOUS MEETING

The minutes of the 30th meeting were approved without discussion.

2. SWNCC 150/8

GENERAL McCOY asked that he be given greater latitude for negotiations on certain parts of SWNCC 150/8 in order that he could arrive at an agreed paper with the other members of the Far Eastern Advisory Commission.

DR. BLAKESLEE read the portions of SWNCC 150/8, which, in General McCoy's opinion, the other governments represented on the Far Eastern Advisory Commission might object to adopting as written.

GENERAL McCOY requested that he be able to advance these items as views of the United States and have them adopted in substance rather than present them as essential and insist on their adoption as a prerequisite to approval of the Post-Surrender Policy for Japan by the United States.

The proposed amendments to Promotion of Democratic Forces on pages 99 and 100 and Reparations and Restitution on pages 101 and 102 were discussed with General McCoy's views in mind. THE COMMITTEE decided that, although the proposed amendments were considered essential, the qualifying expression "in substance", in the discussion outlining the reasons for their adoption, gives the U.S. Representative sufficient latitude.

After considerable discussion and after expressing the desire that the U.S. Representative press to have the phrases as written in SWNCC 150/8 included in the Post-Surrender Policy for Japan, THE COMMITTEE approved SWNCC 150/8 with the following amendments:

a. Deletion of "essential in substance" in line 13 on page 98 and substitution of "of substantial importance" therefor;

CONFIDENTIAL

b. Deletion of the word "essential" in line 7 on page 103 and substitution of "of substantial importance" therefor; and

c. Deletion of the phrase "and in accordance with future international agreements accepted as binding" in the proposed amendment to subparagraph a in paragraph 6 on page 95, and substitution of the phrase "and other changes which may be made by the Treaty of Peace".
