Excellency Okuma
Yanagiwara
Nagasaki.

Dautai here sent me letter today, saying that whole Formosa belong Chinese territory and if japanese government intend sending army to Southeast part there, they considered better send them after Yanagiwara arrived Peking and consult matter with Sorigamon. If you have further news from Japan send me answer which I intend to write Likosho. Shinagawa think that Dautai wrote this letter for he received instruction from Likosho to inquire about, if it so this meaning is considered origin of discussion at Peking also.
