Your telegram 2574: Japanese Peace Treaty.

It appears that Chinese Nationalists learnt that announcement on Chinese participation was about to be made and have pressed United States Ambassador in Taipeh to arrange for postponement. Rusk tells me that he was queried about this by Frederick Kuh, which suggests that there has been deliberate leakage by Chinese Nationalists either here or in Formosa.

2. Rusk asked me to assure you that decision to postpone announcement was made before Chinese Nationalist request was received. The fact was that Dulles had been discussing results of his discussions in London with a number of key Senators in an endeavour to enlist their backing and has so far had a good deal of success. There was, however, a general feeling amongst the Senators that it would be a mistake to issue the announcement at this stage of the MacArthur hearings.
