## JAPANESE PEACE TREATY:

## PERSONAL MESSAGE FROM MR. DULLES

Flag A.

Attached is the United States Ambassador's letter to the Secretary of State conveying a personal message from Mr. Dulles in reply to the Secretary of State's letter to him of the 29th June.

Flag B.

In his letter of the 29th June the Secretary of State asked for Mr. Dulles' views on two points:

(1) The suggestion that the agreed statement on China might be communicated to the "principal parties" at the same time as the draft Treaty; and

(2) that he wished to use the substance of the agreed statement on China in the debate which would follow publication of the draft Treaty.

In his reply Mr. Dulles points out that Commonwealth Governments and the Governments of France and the Netherlands already know of the agreed statement on China. He therefore suggests that in communicating the draft Treaty to the remaining five principal parties (France, the Netherlands, Burma, Indonesia and the Philippines) he should give an oral explanation on the lines of the agreed statement. Washington telegram No. 2046 of the 3rd July reports that Mr. Dulles followed this procedure in giving the draft Treaty to Commonwealth Governments on that date. It is ~~submitted~~ recommended that Mr. Dulles proposed procedure be agreed to.

Flag C

Mr. Dulles entirely accepts the Secretary of State's wish to use the considerations set out in the agreed statement on China in the forthcoming debate in Parliament.

Flag D.

A short draft reply to Mr. Dulles is submitted.
