PRIORITY
SECRET

Addressed to Foreign Office telegram No. 3 of September 2nd.
Repeated for information to Washington, Tokyo and Tamsui.

Following from Sir. O. Franks.

Your telegram No. 3981 to Washington: Japanese Peace Treaty.

Before I had seen your telegram under reference Dulles approached me on his own initiative and assured me that there was no truth whatever in this report. He said it was not his view that Japan should sign a formal treaty with the Chinese Nationalists and he had not obtained an agreement on this subject from the Japanese nor assured any Senators that he had done so.

2. You will no doubt by now have received through the United States Embassy, a message from Dulles on this subject which I gather he caused to be despatched as soon as press reports appeared.

3. Allison has since stated that Dulles did very recently discuss this particular subject with certain Senators and in the course of the discussions, he said that all the indications he had received in his various contacts with the Japanese Government had led him to believe that the Japanese wished to make some sort of practical arrangement governing relations with the authorities in Formosa at an early date after signature of the Treaty.

Please pass to Tokyo and Tamsui as my telegrams Nos. 2 and 1.
