CONFIDENTIAL

Addressed to Foreign Office telegram No. 33 of 5th March
Repeated for information to Tokyo

With reference to negotiations in progress in Taipei regarding Japanese/Nationalist bilateral treaty, Rankin yesterday confirmed in confidence press reports that Japanese have accepted title "Peace Treaty" and have agreed to recognise in principle that Nationalist Sovereignty includes continental China although in practice provisions will at present only apply to territories actually controlled by Nationalists. He added that the Japanese had just presented an alternative draft to the Chinese draft which bore little resemblance to the San Francisco Treaty.

2. Amongst other reasons it is possible that these obvious delaying tactics are intended to prolong the negotiations until sufficient ratifications are received to bring the San Francisco Treaty into force. This would avoid facing up to the difficult problem of the date of effectuation of bilateral treaty which the Kuomintang extremists constantly insist must be simultaneous with or earlier than that of multilateral treaty.

3. Rankin who was about to return to America on leave has been instructed to remain in Taipei until substantial agreement has been reached on terms of the Treaty.

Foreign Office please pass to Tokyo as my telegram No.1.
