Dear Department,

As you will have seen from press reports on the Japan/Nationalist China "Treaty Talks", Wajima, contrary to his alleged expectations reported in our telegram No. 552 of the 3rd April, returned to Taipeh on the 5th April with fresh instructions from the Japanese Government.

2. The local press says that these instructions propose separate exchanges of letters (outside the "Treaty" proper) to define the territorial application of the Treaty and the payment of reparations by Japan if and when the Nationalists resume control over the mainland. They quote Japanese officials as saying that Wajima's return represents an "eleventh hour effort by the Japanese Government." These officials are also alleged to be insisting that Japan will not deviate from the basic policy set forth in the "Yoshida letter" but that there is every possibility that the "Treaty" will be signed before the San Francisco Peace Treaty comes into effect.

We are sending copies of this letter to Tamsui, Washington, Hongkong and Singapore.

Yours ever,

CHANCERY
