Maj. Gen. Edward St. George,
1744 No. Wilton Place,
Los Angeles, California.

Dear Gen. St. George:

I have your letter of July 4th.

There is as yet no definitive allocation of Formosa to any sovereignty. Japan has renounced her title to Formosa but not in favor of any designated sovereignty. Under the Treaty of Peace the Allied Powers reserved their future right to deal with this problem. Formosa is under the administration of Chiang Kai-shek pursuant to the Surrender Terms but it is not yet recognized by the United States as formally part of China and it is not under United Nations trusteeship.

Very truly yours,
