OFFICE OF CHINESE AFFAIRS

DEPARTMENT OF STATE

CONFIDENTIAL

December 22, 1954

Dear Charlie:

I saw the President this afternoon to give him the papers relating to the Republic of China Treaty covering Formosa and the Pescadores and the exchange of notes relative to our controls over Chinese Nationalist action. In this connection, there came up the question of General Chase and his status. I understand he may be required to retire on or before March 31 which is his sixtieth birthday.

The President expressed the view that, because of the situation out there and the very special confidence which he has obtained from the Chinese, some way ought to be found to keep him there beyond March 31. The President asked me to bring this to your attention.

Sincerely yours,

John Foster Dulles

The Honorable
Charles E. Wilson
Secretary of Defense
